Hahn Loeser Relocates Naples Office

June 16, 2014 – Southwest Florida – Hahn Loeser & Parks LLP has moved its Naples office to the HMA Building at 5811 Pelican Bay Boulevard in Naples, Florida, as part of an expansion of its presence in Southwest Florida. Although only one block away from its previous location, the new office space provides significant room for growth and will include a state-of-the-art conferencing center. Hahn Loeser will occupy all of the fifth floor and a portion of the sixth floor in the HMA Building.

“Our new office space will enable Hahn Loeser to further expand its professional services in Naples, a reflection of the firm’s strong commitment to its Southwest Florida presence,” said Jeanne L. Seewald, Southwest Florida offices managing partner. Hahn Loeser moved its Fort Myers office to a new location in that city’s business center, the River District, in April 2013.

Hahn Loeser, headquartered in Cleveland, Ohio since 1920, has had a Southwest Florida presence since 2003, with offices opening in Naples in 2005 and Fort Myers in 2008. Since 2006, the Naples office had been located next to the Waterside Shops on Laurel Oak Drive. The Laurel Oak Drive location will close once the move is complete.

The new location will include conference facilities for large and small groups, as well as the latest wireless and video conferencing technology and expanded facilities to better meet the needs of the firm’s clients, attorneys and staff.

About Hahn Loeser
