

ENERGY SAVINGS PERFORMANCE CONTRACTING STATUTES

RHODE ISLAND (as of June 24, 2010)

Rhode Island has no explicit PC-enabling legislation, although the Office of Energy Resources (RIOER) promotes energy efficiency through performance contracting. RIOER also provides a sample PC contract: http://www.energy.ri.gov/documents/efficiency/ESCO_Contract.pdf

The application to become a RIOER Energy Services Company (ESCO) is available here:
http://www.energy.ri.gov/documents/efficiency/Application_for_RIOER_ESCO.pdf
